POLIGRAS® H2OZ

FIH CERTIFIED SAND DRESSED SYSTEM

Poligras H2OZ represents the latest in synthetic yarn technology. Poligras H2OZ is comprised of monofilament polyethylene yarn for optimum performance, playability, appearance and durability. Poligras H2OZ is in-filled with a thin layer of sand providing pile stability and enhanced ball play characteristics.

-  FIH Certified System
-  Water Saving Technology
-  Ability to re-use shockpad
-  Wet field surface characteristics
